

Bookworm Ron Arad

An artist creativity combined with a great company's technology, gives life to a bookcase design of industrial scale that can rightfully be considered the world's most daring and revolutionary: Bookworm, the flexible bookshelf. A careful analysis of extrusion technology has allowed the creation of a curvy bookcase which assumes any desired shape, without compromising toughness and functionality. Unlimited shapes can be formed, limited only by personal creativity.

Available in three different lengths, Bookworm is marked by a series of bookend supports. Bookworm combines flexibility and superior durability allowing for a load of around 10kg for each support. It is advisable to wall-mount the shelf in a curved shape to keep the materials in tension and to increase resistance once loaded.

8003/8005/8008 Mat

1A/aluminium	
03/glossy white	

Opaline

09/black	
C4/cobalt	
C8/wine red	
C9/white	

Material
Batch-dyed fire-retardant PVC

	width	height	depth	weight kg
8003 short bookshelf - 7 bookends	320	19	20	6,200

8005 medium bookshelf - 11 bookends	520	19	20	9,800
